

JOIN

The Boothbay Harbor Community School District is in its early stages of its Campus Master Plan and we are inviting you to join us in our Visioning Workshops. We are looking to solicit input from specific key groups that will bring a wide range of perspectives to this process. Please join us so together we can develop guiding principles that will help shape this Campus Master Plan!

Workshop

- What is significant about your schools? explain Why.
- What are the Top 10 desired outcomes that would define success in your schools?
- What are the Top 10 obstacles within your schools that prevent desired outcomes?
- What teaching / learning / training models are you aware of, or you would like to explore, believed to be unsupported by your existing learning environments?
