

VOTE NO on April 24th so you can VOTE YES by July 31st

Dear Residents of Boothbay and Boothbay Harbor,

We ALL agree that it is time to renovate the Boothbay Region Elementary School. We believe there is a more sensible option that deserves VOTER CONSIDERATION.

In 2021, Lavallee Brensinger Architects completed a comprehensive assessment of the Boothbay Region Elementary School and graded the overall condition a "B." The report was detailed and addressed every aspect of the existing building. Per that report, the following is a breakdown of the estimated costs for renovating the school.

Nov 2021 Estimates	Architectural Interior	\$	2,844,520
	Architectural Exterior	\$	549,360
	Code Life Safety	\$	13,680
	Mechanical	\$	165,500
	Electrical	\$	368,500
	Plumbing	\$	688,000
	Structural	\$	328,225
	Security	\$	462,740
	Trade Contractors Subtotals	\$	5,420,525
	Trade Price Escalation - 3 years at 6%	\$	1,035,407
Per Lavallee Bensinger Architects - Other Costs Subtotal	\$	3,794,368	
Total Project Cost = amount financed	\$	10,250,300	

This approach provides an updated school and addresses every recommendation in the 2021 report. It also includes several seemingly redundant "other costs" which should be examined for necessity.

We believe this proposal clearly SUPPORTS our CHILDREN and is a responsible, affordable option for our community. We are gathering signatures for a citizen's referendum to move this proposal to a vote.

To sign the petition for this \$10 million dollar option, please email us at petition@commonsenseschools.me. **PLEASE REMEMBER TO VOTE NO** on April 24th so you have the **OPPORTUNITY** to vote **YES** by July 31st.
